ARTICLE THREE: GRANTEE AND CHARTER SCHOOL OBLIGATIONS

Section 3.1 Terms required under Wis. Stat. §§ 118.40(1m)(b)1.-14.

- (1) The name of the entity seeking to establish the Charter School.

The entity seeking to establish the Charter School is Kenosha Schools of Technology Enhanced Curriculum, Inc..

- (2) The name of the Charter School Executive and the name of the Charter School Administrator, if those people are different. Also name the entity holding the Operation or Management Contract, if applicable.

The name of the Charter School Executive: Dr. Angela Andersson.

The name of the Charter School Administrator is yet to be determined by the Board of Directors.

In the event there is a material change in the leadership of the Charter School as described in this subsection, the Grantee agrees to notify the Office immediately of the change. The Grantee shall provide the Office with a copy of the vitae of the Charter School Executive and Charter School Administrator upon hire.

- (3) A description of the educational program of the Charter School.

Kenosha High School of Technology Enhanced Curriculum (KTEC High School) is reimagining technical education to meet the needs of students and the community. While every high school senior will have access to the required and recommended courses for post-secondary advancement, through the technical skills courses, KTEC students will complete at least sixteen industry certifications. Students will have the ability to complete more specialized certifications after choosing one of our four Technical Career Paths. Students will also have the ability to earn additional certifications by taking courses outside their chosen path. Earned certifications and corresponding competencies will be collected by each student within a portfolio to be used during their high school years and into their professional career.

In addition to the broad spectrum of technical education courses and certifications that all students will participate in, each eleventh and twelfth grader will also participate in a simulated workplace in one of four areas (Transportation, Information Systems, Building Trades, or

Advanced Manufacturing / Industrial Maintenance).

The demand for a skilled workforce among industries continues to grow in Kenosha and Southeast Wisconsin. Through the simulated workplace initiative, students will engage in a workplace environment providing rigorous training and support, while developing the necessary skill set to be a work ready employee. Simulated workplaces shift classrooms into a company setting that introduces students to business processes. Additionally, this initiative works closely with business and industry experts to ensure that the curriculum and projects meet the needs of tomorrow's workforce.

The Charter School shall submit a full curriculum plan prior to the school's first academic year. The curriculum plan shall be subject to the approval of the Office. If the Office does not notify the Grantee otherwise, the curriculum plan shall be deemed approved 45 days after submission to the Office.

The Charter School shall adhere to the educational program set forth herein and shall immediately notify the Director in the event the Charter School proposes to make a significant change in the educational program. Upon receiving notice, the Director shall determine whether to renegotiate or revoke this Contract under Section 9.2. The Director reserves the right to consider a significant change in the educational program without the Director's approval to be a violation of this Contract subject to revocation under Section 9.2.

- (4) The methods the Charter School will use to enable pupils to attain the educational goals under Wis. Stat. § 118.01, including a description of how pupils with disabilities will be served in accordance with Applicable Law.

Through personalized, competency-based instructional practices staff will work to ensure that students successfully master the competencies identified for each class. Utilizing a block schedule will provide instructors the flexibility to respond to struggles a student is experiencing in a timely manner. Outside of the 4 90 minute blocks a day, students will have a 1-hour block focused on career planning, counseling, and competency recovery.

In addition to the personalized support for all students, students with a disability will have specialized instruction and supports identified in their

Individualized Education Plan. These services will be provided by a licensed teacher and service providers.

- (5) The method by which pupil progress in attaining the educational goals under Wis. Stat. § 118.01 will be measured.

The Charter School shall administer the examinations required under Wis. Stats. §§ 118.30(1r) and 121.02(1)(r), 20 U.S.C. § 1177 et. seq. (also known as the “Every Student Succeeds Act”), and any other Applicable Law to pupils enrolled in the Charter School and shall cause the testing data for the Charter School to be transmitted to the Director in such form as the Director shall determine.

The Charter School shall administer the Measures of Academic Progress (“MAP”) testing program developed by the Northwest Evaluation Association (“NWEA”), or other assessment system approved by the Office, as annually designated by the Office. The Charter School shall administer the MAP Reading and Math assessments to students in first through tenth grades, as applicable, in both the fall and spring. These assessments are designed to measure student progress and to provide information that can be used to improve teaching and learning. The Charter School shall cause such testing data to be transmitted to the Office in a timely manner.

In addition, the Charter School shall administer the academic performance measures identified in Appendix D.

- (6) The governance structure of the Charter School, including the method to be followed by the school to ensure parental involvement.

The Charter School will be directed by an independent Governance Board that, as Grantee, is organized as a Wisconsin nonstock corporation independent of the authorizer and apply for and maintain IRC § 501(c)(3) federal tax-exempt status.

The Board will consist of voting Directors and non-voting Directors. The Board shall consist of between five and nine voting Directors who shall be elected. The Executive Director shall serve as an ex-officio, non-voting member of the Board of Directors. Directors shall be sought who bring different expertise and perspective to the Board, including but not limited to business, finance, education, legal, community, and parent representation.

No more than a minority of the Governance Board members can be employees of the Charter School. Directors shall not be employees or officers of the school district in which the Charter School is located. No members of the Board may be employees or officers of the UWSA or OEO to comply with requirements for charter schools receiving federal charter school program funds.

The Board shall consist of voting Directors. The Board shall consist of between five (5) and seven (7) voting Directors who shall be elected. The Directors shall consist of persons who support the purpose of the Corporation. No employees of the authorizing entity or the Charter School may serve as voting Directors. The ex officio, non-voting Director shall be the principal of the Charter.

Voting Directors shall serve for three (3) years or until their successor is elected and qualified. The terms of the Directors shall be staggered such that one-third (1/3) of the Directors begin their terms each year. Directors assume their duties at the first meeting after July 1. Directors may be re-elected.

When a vacancy occurs for any reason, the President shall nominate a replacement for the vacancy. At a regular meeting, the Board shall vote on accepting the nominated candidate to fulfill the vacancy. The new board member will then serve the remainder of the term.

Recommendations for Directors may be submitted by Directors, parents, or any other interested persons, unless otherwise determined by the Board. Voting Directors shall be elected by the Board at its Annual Meeting.

The school will host events to engage parents in the school. These could be informational meetings, student exhibit, parent and teacher conferences, and volunteer opportunities. Parents will also have a volunteer Parent Teacher Organization.

The Governance Board will meet on a regularly scheduled basis with a minimum of 9 meetings per school year. Per Wis. Stat. § 118.40(2x)(b)2.g., parent-teacher conferences shall also be held at least once per year.

The Governance Board shall have autonomy and decision-making authority over educational programming, budgeting, staffing, and scheduling. In addition, the Governance Board shall have the powers necessary to carry out the terms of this Contract, including:

1. To receive and disburse funds for school purposes;
2. To secure appropriate insurance;
3. To enter into contracts, including contracts with a University of Wisconsin institution or college campus, technical college board, or private college or university, for technical or financial assistance, academic support, curriculum review, or other services;
4. To incur debt in reasonable anticipation of the receipt of funds;
5. To pledge, assign, or encumber its assets to be used as collateral for loans or extensions of credit;
6. To solicit and accept gifts or grants for school purposes;
7. To acquire real property for its use; and
8. To sue and be sued in its own name.

In exercising the authority under this Section, the Governance Board shall adhere to all Applicable Laws.

The Governance Board will also make reports to the Director as reasonably requested.

- (7) Subject to Applicable Law, the qualifications that must be met by the individuals to be employed in the Charter School.

All Instructional Staff for whom licensure is required by Wis. Stat. §§ 118.19(1) and 121.02(1)(a)(2) shall hold a license or permit to teach issued by the Department. Notwithstanding the foregoing, however, the Parties agree that the Charter School is not an instrumentality of the District and therefore is not subject to the requirements arising in connection with Wis. Stat. §§ 118.40(7)(a) and 118.40(7)(am).

- (8) The procedures that the Charter School will follow to ensure the health and safety of the pupils.

The Charter School shall comply with all Applicable Law concerning health and safety that pertain to public school operation. The Charter School shall establish and maintain at all times policies, procedures, and processes in accordance with Applicable Law to ensure the physical, social, and emotional health of the pupils enrolled in programs operated by the Charter School. The Charter School shall review these policies, procedures, and processes annually and update them as necessary to continue to ensure the health and safety of its pupils.

The Charter School shall ensure that all School employees receive training annually on mandatory reporting obligations under Wis. Stat. § 48.981. If the School requires employees to complete an incident report or in some other way notify supervisors or administrators when they suspect a student has been neglected or abused, the training and any written policy on the subject must be clear that such action does not fulfill their reporting responsibilities. The School must also provide alternative reporting channels in the event the misconduct involves someone in the normal reporting chain, such as an administrator.

The Charter School shall drill all students on evacuation to a safe location in the event of a fire, tornado, severe weather, armed intruder, or other safety hazard.

The Charter School shall fulfill any other actions as the Office may reasonably request to ensure the health and safety of its pupils.

- (9) The means by which the Charter School will achieve a racial and ethnic balance among its pupils that is reflective of the District population.

The Charter School is a public school and shall not discriminate because of sex, race, religion, national origin, ancestry, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability. Information on the Charter School will be distributed through newspaper articles, Charter School mailings, brochures, parent-teacher conferences, and the School's web site with a goal of achieving a racial and ethnic balance among pupils that is reflective of the area's school-aged population. If necessary, the Charter School will target its marketing efforts to areas that may be underrepresented or at risk in the Charter School's pupil population.

- (10) The requirements for admission to the Charter School.

The Charter School shall be open to all Wisconsin residents. The Charter School may not administer any test or assessment to students prior to acceptance and enrollment. The Charter School may not limit enrollment because of a student's sex, race, color, religion, national origin, ancestry, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability. The Charter School shall not limit enrollment because of a student's language spoken, intellectual or athletic ability, measures of achievement or aptitude.

The Grantee acknowledges and agrees that if the number of enrollment applications exceeds the Charter School's enrollment limit, the School

shall select students via a random lottery no later than seventy-five (75) days prior to the start of each school year. The Charter School must give preference to pupils and siblings of pupils who are already attending the Charter School. The Charter School may give preference to children of the Charter School's founders, Governance Board members, and full-time employees, but the total number of such children given preference will constitute no more than 10 percent of the Charter School's total enrollment. The Charter School may maintain a waiting list for students who are not selected in the random lottery and utilize the waiting list to fill open seats.

As of the commencement of the first academic year, the Parties project an approximate enrollment of 150. If the School fails to substantially meet this projection by 60 days prior to the start of the academic year, as demonstrated through enrollment applications signed by students' parents/guardians or other reasonable documentation, the School's charter may be subject to revocation at the discretion of the Director. The Office reserves the right to verify enrollment documentation.

- (11) The manner in which annual audits of the financial and programmatic operations of the Charter School will be performed.

The Grantee shall submit annual audited financial statements of the Charter School's operations, along with the auditor's management letters and any exceptions noted by the auditors, to the Office annually beginning after the first full school year. In addition, the Grantee shall submit an audit report utilizing the template provided by the Office in Appendix C. The audit reports for the prior fiscal year shall be prepared by a certified public accountant and submitted to the Office by December 1.

Audits shall be conducted in accordance with generally accepted auditing principles and with the prevailing Government Auditing Standards issued by the Comptroller General of the United States. The audit report must contain a statement as to whether the auditor does or does not have substantial doubt as to the Charter School's ability to continue as a going concern. The Grantee shall provide the Office with the name and contact information of the certified public accountant who will perform the School's audit by no later than September 15 of each year.

In the event that the Grantee contracts with one or more management companies for the operation or administration of the Charter School, the reports shall include separate reports of the management companies' expenditures on behalf of the Charter School.

The Director may review the financial practices of the Charter School at any time and may request reasonable reports from the School with due notice. All financial operations of the Charter School must be in accordance with Applicable Law and the Office's policies, practices, and rules, unless expressly waived by the Director.

(12) The procedures for disciplining pupils.

The Charter School shall operate under a student discipline policy that must include various consequences that students may receive for designated types of misconduct.

The Charter School shall also have a suspension and expulsion policy written in accordance with State law. The Charter School shall abide by the grounds and procedures for suspending and expelling students as described in the School's suspension and expulsion policy.

The Charter School must not apply its student discipline and suspension and expulsion policies in a manner that has the effect of discriminating against students with disabilities.

KTEC High School may permanently expel from the school any student whose misconduct, disobedience, and/or violation of the Code of Student Conduct warrants this sanction. No student shall be expelled without an opportunity for a formal expulsion hearing before the Board of Directors (BOD), a duly authorized committee of the BOD, or a qualified hearing examiner appointed by the BOD.

Expulsions shall be brought before the BOD by the CEO (Chief Executive Officer) or designee who shall notify the BOD that the school is recommending a student for expulsion. The BOD shall weigh all the evidence presented by the Charter School and by the student's parents/guardians at the formal expulsion hearing before scheduling a vote on the question of whether the student should be expelled.

The BOD shall vote at a public meeting on whether the student shall be expelled for any length of time or whether a lesser sanction shall be imposed. The BOD or its designee shall notify the student's parents/guardians of the date of the vote prior to the vote taking place. The parents/guardians shall be afforded the opportunity to address the BOD at the public meeting. Expulsions shall be effective upon the affirmative vote of a majority of the BOD.

Expulsions shall be permanent unless a period for the expulsion is specified at the time the BOD votes on the expulsion. Expulsions for weapons-related offenses shall be for at least one (1) year. However, the BOD may consider imposing a lesser sanction for a weapons offense if recommended by the Chief Executive Office because of exceptional circumstances presented by the student and/or the student's parents/guardians.

The formal hearing shall observe the due process requirements of:

1. Notification of the charges in writing by certified mail to the student's parent/guardian.
2. At least three (3) days' notice of the time and place of the hearing, which shall include a copy of this policy, hearing procedures, and notice of the right to representation by legal counsel. A student may request the rescheduling of the hearing when s/he demonstrates compelling cause for an extension.
3. The hearing shall be public unless the student or parent/guardian requests a private hearing.
4. Representation by counsel at the parent's/guardian's expense and parent/guardian may attend the hearing.
5. Disclosure of the names of witnesses against the student and copies of their written statements or affidavits.
6. The right to request that witnesses against the student appear in person and answer questions or be cross-examined.
7. The right to testify, make arguments and present witnesses on the student's behalf.
8. A written or audio record shall be kept of the hearing and a copy made available to the student at the student's expense, or at no charge if the student is indigent.
9. The hearing shall be held within fifteen (15) school days of the notice of charges, unless a delay is mutually agreed to by both parties or is delayed by:
 - a.) The need for laboratory reports from law enforcement agencies.
 - b.) Evaluations or other court or administrative proceedings are pending due to a student's invoking his/her rights under the Individuals with Disabilities Education Act (IDEA).
 - c.) Delay is necessary due to the condition or best interests of the victim in cases of juvenile or criminal court involving sexual assault or serious bodily injury.
10. Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

A written adjudication shall be issued after the BOD has acted to expel a student. The adjudication may include additional conditions or sanctions.

Expulsion of Students with Disabilities

When a student with a disability commits a behavioral infraction that has met the grounds for expulsion, KTEC High School expulsion proceedings will be held in abeyance pending a Manifestation Determination Review (MDR). Per federal law, a MDR must be held within 10 days of the behavioral infraction, and will determine whether the student's behavior that is subject to discipline is a manifestation of the student's disability.

As part of the MDR process, the IEP (Individualized Education Plan) team will determine:

1. Whether the behavior was caused by, or had a direct and substantial relationship to the student's disability;
2. Whether the behavior was a result of KTEC failing to implement the student's IEP; and
3. Whether the behavior that is subject to disciplinary action is a manifestation of the student's disability.

If the IEP team finds that the student's behavior was not a manifestation of their disability, the student who committed the behavioral infraction can be subjected to the same disciplinary consequences as a student without a disability, and expulsion proceedings may be initiated. If the MDR finds that the behavior had a direct and substantial relationship to the student's disability, the student cannot be recommended for expulsion. Rather, the IEP team will consider other program modifications as appropriate.

- (13) The public school alternatives for pupils who reside in their resident district and do not wish to attend or are not admitted to the Charter School.

Under Wis. Stat. § 118.40(6), no pupil may be required to attend a Charter School. Any pupil who does not choose to enroll in and attend the Charter School may attend another school in the student's District.

- (14) A description of the School's facilities and the types and limits of the liability insurance that the School will carry.

The Charter School will occupy the building at 7400 39th Ave. Kenosha, WI 53142. Any change in location or increase in number of campuses must be approved in advance by the Director.

A certificate of insurance evidencing the aforementioned insurance requirements is to be provided to the Office no later than May 31 prior to the Charter School’s first academic year and each year thereafter by July 1. Specifically, the certificate holder shall be the Board of Regents of the University of Wisconsin System, c/o the Office of Educational Opportunity, 1564 Van Hise Hall, 1220 Linden Drive, Madison, WI 53706.

The Grantee shall immediately notify the Office upon receipt of a notice of cancelation, nonrenewal, or change in coverage by any of its insurers. Should the Grantee be unable to obtain any of the aforementioned coverages, the Grantee may seek a written waiver of the above provisions from the University’s Risk Manager by directing such a request to the Office. The Grantee shall require subcontractors of the Charter School to be insured and provide a certificate of coverage providing evidence of the insurance policies described in parts 1-3 above. The Grantee or Charter School shall be named as an additional insured under the subcontractor’s insurance policies described in parts 1-2 above.

Subcontractors shall provide a certificate of insurance proving they have obtained the appropriate insurance coverages and limits.

For purposes of this subparagraph, “subcontractor” is defined as any third party or entity with which the Grantee contracts for the provision of goods or services related to the School, and which subcontractor is not expressly covered by the Grantee’s own liability insurance coverage as described above.

Section 3.2 Per Wis. Stat. § 118.40(2x)(b)2., the effect of the establishment of the Charter School on the liability of the University.

The University shall not be liable to any person not a Party to this Contract because of the establishment or operation of the Charter School. Further, the University assumes no obligation with respect to any officer, director, employee, agent, parent, guardian, student, or independent contractor of the Grantee or the Charter School, or any other persons receiving services from or doing business with the Grantee or Charter School.

The Parties agree that nothing in this Contract will create any association, partnership, or joint venture between the Parties, or any employer-employee relationship between the University and the Governance Board or the Charter School.

Section 3.3 Per Wis. Stat. § 118.40(2x)(b)2.d., the methodology that will be used by the Governance Board to monitor and verify pupil enrollment, credit accrual, and course completion.

Using the selected Student Information System, Skyward, the principal will present reports on enrollment after each of the three state enrollment dates. The school will take daily attendance in this program and report attendance data quarterly to the Board of Directors.

Student credits will be determined by the demonstration of mastery of course competencies. Each semester the principal will provide a report of students who failed to gain credit for a course and the plan for competency recovery.

Section 3.4 Nonsectarian Practices. The Charter School shall be nonsectarian in all its programs, admissions policies, employment practices and all other operations.

Section 10.1 Grounds for Termination by the Grantee. The Grantee may terminate this Contract under procedures in Section 10.2 if it finds that any of the following Events of Default have occurred:

- (1) The Grantee has insufficient enrollment to successfully operate or enrollment substantially below the projected minimum established in this Contract;
- (2) The Grantee's Operation or Management Contract with a third-party provider of educational management services has been terminated and a reasonable replacement cannot be obtained;
- (3) The Charter School has lost its right to occupy all or a substantial part of its physical plant and cannot occupy another suitable facility, at a cost deemed reasonable by the Grantee, before the expiration or termination of its right to occupy its existing physical plant;
- (4) The Grantee's current liabilities exceed current assets or total liabilities exceed total assets, or the Grantee has been declared insolvent or adjudged bankrupt by a court of competent jurisdiction;
- (5) The Grantee has lost its right to exercise authority granted under this Contract or under Wisconsin law;
- (6) The Director materially violates any of the terms, conditions, promises, or representations contained in or incorporated into this Contract; or
- (7) The Director materially violates Wis. Stat. § 118.40 or other Applicable Law.

Section 10.2 Procedures for Charter School Termination of Contract.

- (1) Notice. If the Grantee determines that any Event of Default has occurred, the Governance Board shall notify the Director of the pertinent Event(s) of Default. The notice shall be in writing and shall set forth in sufficient detail the grounds for termination and the proposed effective date of termination (which date shall, to the extent reasonably practicable, be the end of the next academic semester scheduled for the Charter School).
- (2) Discretionary Termination. Upon receipt of notice of the Events of Default, the Director may conduct a preliminary review of the alleged bases for termination to ensure that such bases are bona fide and to

determine whether the Events of Default may be cured. Such review shall be completed promptly. Within thirty (30) days after the Director receives the Governance Board's notice, the Director shall deliver to the Governance Board a notice either approving the Governance Board's requested termination and the effective date of termination or denying the same on the grounds that the asserted bases for termination are not in fact bona fide or on the grounds that the Director intends to cure the Events of Default.

If the Director does not deliver a written notice to the Governance Board approving or denying the requested termination within thirty (30) days after the Director receives the notice, the Governance Board's notice shall be deemed an approved basis for termination.

If the Director gives notice of his/her intent to cure the Events of Default, the Governance Board shall specify a reasonable period (though in no instance less than 30 days) within which the Director shall cure or otherwise remedy the specified Events of Default to the reasonable satisfaction of the Governance Board.

If the Director does not so cure or otherwise remedy the specified Events of Default to the reasonable satisfaction of the Governance Board, the Governance Board may terminate this Contract by written notice delivered within 10 days after expiration of the specified period.

If the Governance Board terminates this Contract, termination shall become effective at the termination date proposed by the Governance Board.

Section 10.3 General Termination or Nonrenewal Procedures. The General Termination or Nonrenewal Procedures set forth in Section 9.3 above shall be applicable to a termination of this Contract under this Article.

DETERMINING RENEWAL TERMS

In the full Performance Framework, each indicator is assigned a point value, thereby creating a system in which the cumulative point values over the term of the contract can be calculated in a manner that is fair, consistent, and equitable across all OEO-authorized schools.

For each year of operation with students, the score from each component of the framework will be inputted into a table similar to the one shown below based on the point values consistent throughout this entire document. From there, a simple mathematical formula can be applied to find the final cumulative score.

	20XX – 20XX	20XX – 20XX	20XX – 20XX	20XX – 20XX	20XX – 20XX
Academic					
Financial					
Organizational					
Total Points					

- E: Exceeds Standards – 4 Points
- M: Meets Standards – 3 Points
- D: Does Not Meet Standards – 2 Points
- F: Far Below Standards – 1 Point

Total Points Over Contract Term ÷ Total Number of Rankings = Final Cumulative Score

The Office of Educational Opportunity recognizes that schools may undergo extenuating circumstances that may impact the Framework scores. In those instances, it will be the responsibility of the school throughout the renewal process to explain the reasons for not meeting the threshold and the specific strategies, which will or are being implemented to mitigate those challenges in the future. The Director may seek input and recommendations from the OEO Advisory Council, along with feedback received during a potential site visit, in making renewal decisions.

The table below details the contract renewal term lengths as determined by the Performance Framework:

Performance Ranking	Renewal Term Length
School receives an average ranking of "Exceeds Standards" or "Meets Standards" in the Academic, Financial, and Organizational frameworks over the course of the Contract Term	Five-year renewal
School receives an average ranking of "Does Not Meet Standards" in the Academic, Financial, and Organizational frameworks over the course of the Contract Term	Three-year renewal
